INTELLIGENCE REPORT

80493

25X1A2g

COUNTRY Germany/Russian Zone
SUBJECT Production of Radio Equipment by Telefunken
ORIGIN [REDACTED]

DATE: [REDACTED]
INFO: [REDACTED]
DIST. 29 May 1947
PAGES
SUPPLEMENT

25X1A6a

1. During the war Telefunken had stores for material evacuated from Berlin in Waldsassen (P26) and in the Erzgebirge. Small factories under the control of the Leipzig and Dresden offices are now functioning there, probably under the direction of Ing. Weiss.

25X1X6

2. They are engaged in producing the following apparatus:

- a) Sender "Kelch" (Transmitter "Kelch")
- b) Zielflugempfänger EZ2 (Radio compass)
- c) Empfänger EZ4 (Receiver)
- d) Otto III
- e) Impulspeilanlage Z 11950 (Pulse direction finder)
- f) Sende-Empfangsgerät "Mücke" (Transmitter-receiver)
- g) Sender S4a (Transmitter)
- h) Empfänger E4a (Receiver)
- i) Einflugzeichensender S342 (Landing beacon transmitter)

25X1X6

3. [REDACTED] the above were produced on Russian orders from stocks in hand, and these stocks are now at an end. It is not yet known if further orders have already been received or are planned.
